What tools are available?

- Powerful magnifiers that cannot be bought in a store
- Special telescopic glasses for watching television
- Strong reading glasses
- Customized lighting with glare control
- Closed Circuit Television (CCTV)
- and much more

Let BVRS assist you!

Loss of eyesight does not have to mean loss of independence.

During your visit, the BVRS team will work with you to find the low vision devices that best serve your particular needs. The team will then teach you how to best use those devices.

A case manager can assist with financial needs and also with transportation to and from appointments.
